- 16** Expanded Playground with Inclusive Features (5000sq. ft.)
- 17** Refurbished Basketball Court (High School Size - 84'x50')
- 18** Re-striped Parking Area with ADA Spaces (36 Spaces)

*No Removals to Note

SOUTH PLATT STREET

2 Rain Garden

- Incorporate green infrastructure solutions, including rain gardens to collect rain water and reduce runoff. A rain garden is a depressed area in the Park that collects water allowing it to soak into the ground at specific locations. These can be planted with grasses and flowering perennials making beautiful gardens that also serve as stormwater management.

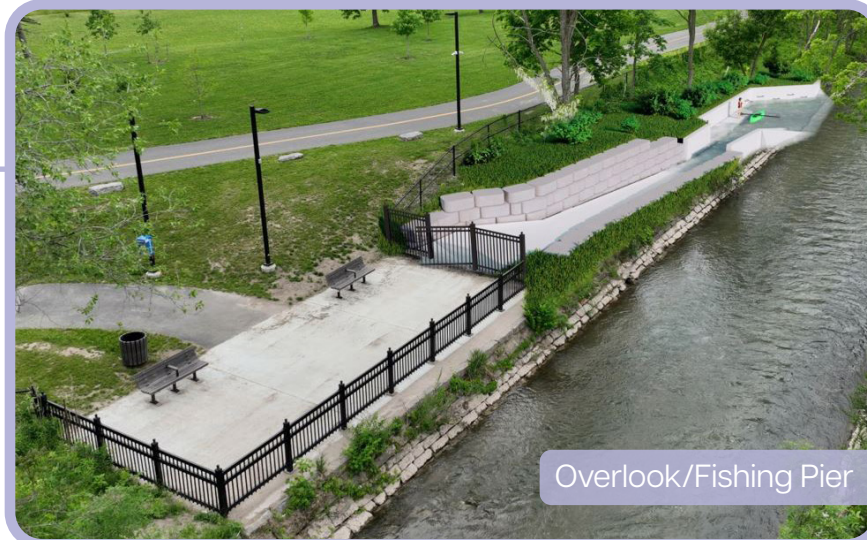

5 Picnic Area

- Provide a shaded area(s) with picnic tables and trash receptacles offering users a place to sit, relax, eat, play games, and rest within the Park. Located near the new playground and refurbished basketball courts to support overlapping compatible uses within the Park.

6 Fishing Pier/Overlook

- Include fishing piers and overlooks to connect users both physically and visually to the Park's asset of the Saranac River. These nodes to be placed strategically along the River in places with viewsheds and access to prime fishing holes.

7 Restroom/Clubhouse

- Providing access to a convenient and safe restroom within the Park increases the health benefits, allowing flexibility and ability for extended stay for all Park users to participate and enjoy the proposed enhanced amenities throughout the Park. Include space for clubhouse allowing for public and private events.

11 Rest Nodes

- Provide seating nooks along the trail system to offer a respite for walkers/joggers and gathering nodes for social connections throughout the Park. Include wayfinding markers, educational signage, and benches.

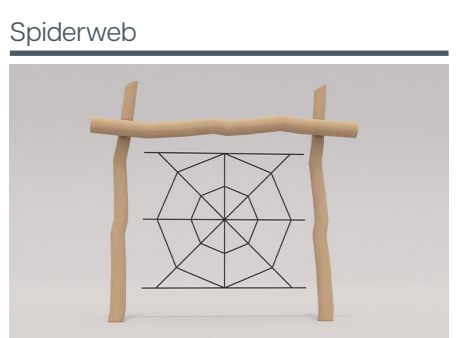

SOUTH PLATT STREET

1 Natural Playground Nodes: Features

The nature play loop contains five nodes of various types of nature play.

Earthscape: **Natural Play** Age: 5-12y

2 Expanded Playground with Inclusive Equipment (4960 sq. ft.)

Inclusive Playgrounds: **Discovery Tree Climb, Adventure Scapes** Age: 5-12y

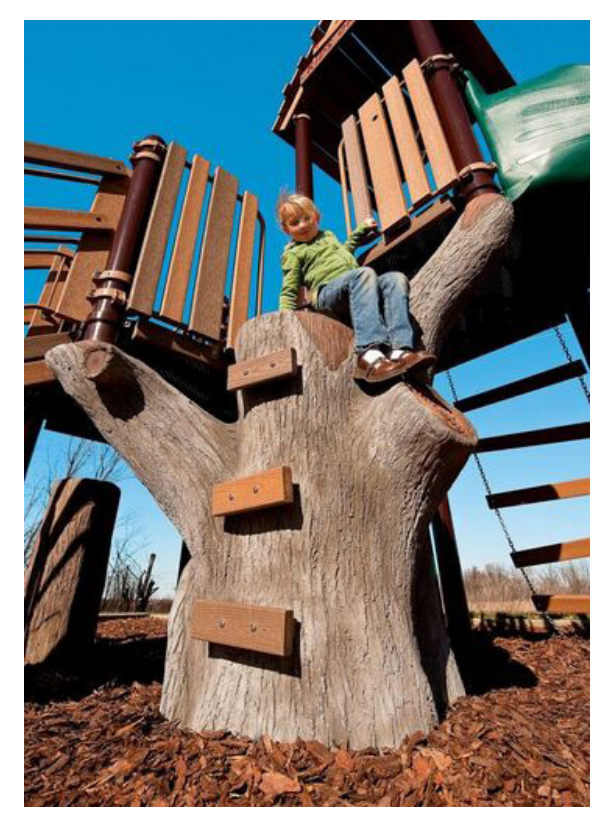

Sensory:
Proprioception, Tactile, Vestibular+, Visual

Motor Skills:
Agility, Balance, Cardiovascular, Coordination, Core Body Strength, Endurance, Flexibility, Lower Body Strength, Motor Planning, Upper Body Strength

Cognitive Skills:
Problem Solving

Social/Emotional Skills:
Cooperation, Imaginative Play, Social Skill Development

1 Natural Playground Nodes - 5 Features at 5 Locations

- Design a natural playground loop trail with individual play stations along the path, to provide a casual and easy nature walk through the woods for visitors. The route traverses through unexplored woodlands and connects to the larger proposed trail system allowing for flexible overlapping play to be explored and enjoyed.

2 Expanded Inclusive Playgrounds (5000 sq. ft.)

- Inclusive playgrounds are play environments supporting the skills and levels of all kids encouraging them to play actively together more independently, both physically and socially, creating a space for community among all children.
