

Plattsburgh  
PARKS RENEWAL PROJECT

# Peter S. Blumette Park

## Legend

— Local Roads

— 1ft Contour

— 2015 Parcels

 Park Boundary

Is the parking lot too small to accommodate an increase in visitors?

What is this circular area used for?

Used to have tether ball here

Grill is in an odd location

Park features are dated and could use upgrades.

Playground upgrades needed

Fun earth mounds through here

Building in decent shape. Could use upgrades to interior and exterior. Add garage door to allow open air use seasonally. Room for an addition.

On-street parking around perimeter of park.

Used all seasons for hockey - busiest of all City Parks.

Tee-ball

Low spot and catch basin in here - ponding of water days after rain events - possible ground water due to previous lowering of field area

Field is at a lower elevation. Drainage issues and regrading are necessary.

There are no bleachers for watching sports

Tee-ball

The soccer and tee ball fields seem like they could potentially conflict with one another
